01. Market Commentary

DSEX ended in red for the week decreasing by 124.73 points [2.45%] compared to the previous week. It stands at 4972.60 points.

The index fell for the third straight week surpassing the steepest weekly decline of the year to register a higher weekly decline of the year. The index has fallen by almost 4.5% since April 10th with a 9-day declining streak. This has caused the broad index to fall below 5,000 point and revert back to levels last seen in late October of 2024. Investors, amidst the ongoing downtrend sold off their holdings to mitigate the continued rise in portfolio losses. Despite, the commission's efforts to lift up the investment limit of ICB for investing in A category scrips and extension of time limit for adjustment in negative equity, the market kept falling due to absence of any impactful catalyst.

Investor participation decreased this week as reflected by decrease in average daily turnover by around 14% causing the average daily turnover to fall below the BDT 350 Crore level. Investors' trades in this week focused on Bank scrips followed by Food & Allied and Fuel & Power scrips. In terms of sectoral returns, all sectors went negative except the Fuel & Power sector which managed to stay afloat. The IT sector suffered the most, falling by 9.43%.

Market capitalization stands at USD 54.4 Billion*.

*(USD 1 = BDT 122.00 as on April 24, 2025).

02.<u>Related Market Policies</u>

1. BSEC in its 952nd commission meeting took the following decisions:

   a. Exempting Investment Corporation of Bangladesh (ICB) from 5% investment cap limit for investing in "A" category companies. ICB has to follow the relevant provisions of Bangladesh Securities and Exchange Commission (Significant Share Acquisition, Takeover, and Control) Rules, 2018, along with other notifications related with the buying and selling of shares by company sponsors and directors.

   b. Approval of draft prospectus of open-ended "Ventura AMCL Balanced Fund". The fund's initial target size is BDT 25 Crore wherein the sponsor, "Ventura Asset Management Company Limited" is providing BDT 2.5 Crore. The rest of the amounts will be open for the general public. The asset manager for he fund will be Ventura AMCL Balanced Fund.

2. BSEC in its 953rd commission meeting took the decision of extending the deadline for maintaining provision for negative equity up to December 31, 2025. However, the stock brokers and merchant bankers with such negative equity have to formulate a definite and acceptable action plan for maintenance of provision for negative equity with the approval from the board of directors within June 30, 2025.
